Blessing Strips

May the Lord bless you and keep you this day!

I give thanks for my family God and ask that you touch each of them today with your love and care.

Give each of us/me shelter today and your protection as we go out into the world.

Grant us/me peace knowing that you will be with us as we are awake and asleep.

“The blessing of the Lord be upon you” Psalm 129:8

My bed is so soft and fluffy. When I am tired it is so nice to scramble under the covers and fall asleep.

My pet is so fun to play with. I love my special friend and think he/she is a real blessing.

My family loves me very much. They care about me and take care of me. Thank you for my family.

I love hamburgers and french fries. They are really delicious! I am very thankful for them.

My friends and I have fun together. We all like to be with each other and play games. I am blessed to have the friends I have.
